

ICTS Group – Trailer Mechanic

Job description

We keep your career on the road!

For our workshop in Zeebrugge we are looking for a trailer mechanic.

You will work in a dynamic group where working and growing together is key, and where we strive for achieving our most important company target: optimal customer satisfaction.

You will be responsible for the maintenance and repairs to trailers and chassis. This contains many aspects related to trailers and chassis: brakes, air system, lighting system, substructure, superstructure etc. You will also be trained to repair damages to trailers. Following to an extensive training in the workshop during which you will acquire all skills and knowledge related to the job, you will become a key member in our team. You will work independently, supervised by the workshop manager, and also together with colleagues who are ready to assist you anytime.

Are you keen on mechanics and do you prefer to work in a dynamic environment? Do you like variety in what you do and are you flexible? Do not hesitate to apply for this job!

Together, we keep the customer's business on the road!

Offer and benefits

- We offer an attractive salary, depending most on your motivation and experience
- Meal vouchers and Eco vouchers, nice to have
- Free hospitalisation insurance
- Other incentives such as end-of-year gift and dinner, summer activities (e.g. old-timer rally etc.) and other occasional gifts
- Enjoyable working atmosphere together with a full training in the workshop
- Career and growth opportunities? For sure!

Location

Lanceloot Blondeellaan 11, 8380 Zeebrugge
